UPDATES.

1. A number of warrants were executed under the misuse of drugs act in January, Several arrests were made and a number of people remain on police bail in relation to the supply of illegal substances. A large contingent of officers from neighbouring forces assisted with the operation, which affected a number of villages in the Louth Rural area.
2. The investigation into the finding of body parts in the area of Tetney Lock continues. Officers carried out extensive searches in the local area with many hours being required by diving units to search the waterways in the area.
3. Due to huge cuts in police funding Lincolnshire Police are undergoing a number of major changes in the structure of the force. The changes should not adversely effect the service provided to the public
