Resident Spotlight

Eddie Coulbeck

Many villagers will know the Coulbeck twins.

Eddie had the newsagents, which is now Morrisons, and his brother, Alan, had the hardware store, which is now Four Candles. I know, everyone is now thinking of the Two Ronnies sketch! Being twins, everyone used to confuse them.

Eddie sold up in 2001 and then ran a taxi hire firm while his wife, Josie, ran the family home and looked after their children.

Eddie was involved in the village hall from its conception.

Today, Eddie is the proud leader of the Mens Club, a thriving community that meets on the second Tuesday of every month at the Jug and Bottle. What began with a few members has now blossomed into a group of around thirty regulars, all coming together for a friendly catch-up, a delicious lunch, and an enlightening speaker session.

If you're keen on joining the Mens Club, a vibrant community where you can catch up, enjoy a hearty lunch, and listen to engaging speakers, please reach out to Eddie on 07711 511 559. They're always open to new members.

William Shakespeare began his play, "Twelfth Night" with the statement, "If music be the food of love, play on; give me excess of it, that, surfeiting, the appetite may sicken and so die."

Music has been important to me for most of my life. Music is creative, and the world's composers have brought us a variety that includes beautiful, inspiring, relaxing, empowering, and stimulating pieces. Over the centuries, generations have made their individual styles of music, each enjoying the rhythm, style, and sound.

In our churches, we praise God through the music of hymns, songs, organ recitals, anthems and choir pieces. In Psalm 150, King David wrote about praising God on the trumpet, lute, harp, timbrel, strings, pipe, and cymbals. Music can be symbolic of how we lead our lives.

We may be in harmony with one another, and for Christians, with God, but there are times when we ignore God's voice, become discordant with one another and play out of tune. God is the orchestra leader, and by keeping in tune with him, we can work in harmony with one another and even cope with those times when we play a wrong note. We can pray to him, asking him to help us through the good times and the not-so-good times.

We can also follow the new commandment given by our Lord Jesus Christ, which is that we are to love one another. That will keep us in harmony!

Spoofing

Phone numbers and email addresses can be spoofed by criminals to appear as though they are from someone or somewhere other than the actual source. Email and telephone spoofing tools are widely available, and criminals often use them in phishing attacks. Because the spoofed number or email address is cloned, any spoofed communication will 'drop' into any pre-existing threads of email or text communications you have.

STAY SAFE

The simple advice is never to assume that someone is who they say they are. Be suspicious if someone tries to draw your attention to an email address or telephone number displayed to prove their identity.

Be wary of emails requesting changes to payment methods, and always ensure that if paying by bank transfer, the account details match the account holders.

August Gardening

Sow late season potatoes for crops until Christmas.

Enjoy peas and beans as they come to fruition this month. Replace any spent plants at the end of August with autumn onions and shallots for cropping in summer next year.

Sow spring cabbage, chinese cabbage, corn salad, winter lettuce and radish seeds this month.

Dig up your second early potatoes this month. Maincrop potatoes can also begin to be lifted as required.

Watch out for the symptoms of potato blight when conditions are hot and humid. Consider planting blight resistant potatoes next year.

Pick small, tender courgettes regularly using a sharp knife, carefully cutting them off at the base of the plant. Protect your hands from the prickly leaves and stalks by wearing gardening gloves.

Water everything in the garden in the mornings and evenings to avoid evaporation during the day. Any crops that are in flower or have developing fruit on them must be watered well.

Pinch out any side-shoots on your tomato plants regularly. Tie the leading shoots to the supports securely to avoid snapped stems. Feed your tomatoes with a high potash fertiliser and don't let the plants go short of water.

Pinch out your cucumber plant side shoots just two leaves beyond any fruit that may be developing. Remove any old fruit on the plants to encourage further flowering and fruiting.
