Thought for March 2019

Food for Thought!

Recently we have had work done on the trees in the churchyard at Holton. It is expensive but is necessary for safety, as well as for the wellbeing of the trees themselves. Unfortunately, the mature Ash tree on the corner was infected with a fungus that had been hidden by the Ivy. It also had a hole at the base, which was undermining it and is why with sadness it was felled. Others show signs of Ash dieback and are being monitored.

Churchyard rules mean that we have to replace trees, as they are important because they do help to reduce carbon in our atmosphere as well as enhancing our lives. We decided to plant fruit trees and start a community orchard in the village. They are smaller and are more manageable than larger trees and can enjoy the benefit of the fruit. Seeing the blossom and the fruit grow and ripen and enjoying it at its best. It will take some years for them to produce a good harvest but it will be well worth the wait.

Having grown up next to an orchard seeing the many varieties of apples that are now unobtainable, I know how important it is we all start to plant trees and value them but also not to eat the fruit before it is ready. St Paul said 'I desire that your fruit may abound' Phil 4vs17

With Blessings, Revd Chris Woadden

Defibrillators

There are two community defibrillators within the village. They are located on the side of the village hall in Pinfold Lane and on the side of the Vintage Car Garage on Louth Road.

School Council

The school council once again attended the afternoon tea in the Village Hall in February. The children assisted with serving tea and cake, and helped with the book stall and the raffle. They very kindly made around 50 bookmarks for Valentine's Day for each of the residents to take away with them. The parish council is thoroughly enjoying working with the children from the junior school and aims to meet with them every couple of months. We are always impressed by how polite and well behaved the children are and by how eager they are to help.

Winter Weather - Salt Available

There is a limited amount of salt available at the Parish Council Office for resident's personal use during severe winter weather. The salt is located at the far end of the village hall car park and is available during opening hours.

Grass Verges

Once again we are receiving many complaints regarding residents who park their vehicles on grass verges. This is causing the village to look very untidy as the verges are constantly getting churned up. Please be considerate when parking your vehicles and take some pride in the village.

With the garden, if you want flowers it is no use filling the beds with vegetables. You will get out what you put in. You will get more, for you will also get weeds.

If you leave your life to run itself, it will also produce weeds. Gardens and life need regular tender loving care. Lent is a time for looking at what you have and making improvements.

In the garden some plants need splitting to give them more room to grow. You can often give away the extra to someone else. If you do not divide some plants, they will choke themselves. If we do not learn to give, we will do the same.

Make room for the new in your life. There is a constant need to weed and also to prune. Get rid of what hampers growth. Cut back on what has become rank and is taking over. Learn to work in relationship with the soil and the climate. Learn to work in relationship with God. Nothing is achieved without effort, without practice, without learning. If you want a good garden you have to give it priority over other things and the same is true of life.

WEEDING and PRUNING

John 15:1-2
1 Corinthians 3:6-9

Some people say they like doing what comes naturally. A man let his garden grow naturally and when asked why it was a mess he said, ' I was leaving it to God.' God will not do for us what he has given us the ability to do. If you want a good garden or a good life, you have to work at it.
