anglianwater

Overview

- 1.1 million pound scheme to lay 5km of new water main
- To ensure existing customers still receive supply of high quality drinking water after growth.
- Estimated dates- February 2019 until August 2019
- Roads effected: Tetney Lane, Pinfold Lane, Silver Street and Louth Road. Work continues into fields.

*Yellow route refers to pipeline in the road.

*Red route refers to pipeline in the field

*Yellow route refers to pipeline in the road.

How might this affect the community?

- Higher vehicles movements in the area
- Bus stops relocated temporarily
- On road parking suspended on Tetney, Pinfold, Silver and on junction of Louth Road as we work.
- 2 way and 3 way traffic management in place to keep traffic flowing but may cause minor delays.

*school runs
times ???*

Proposed compound location

Engaging the community

- Planned letters to residents and businesses
- Community drop in sessions, if fit for scope
- Frequent updates planned to Parish Council
- Explore ways to work with the community
- Media team engagement
- In your area (IYA) updates

Key points

- Engaging you early so that we can take any concerns or feedback into consideration when finalising our plans
- Customers may go off water temporarily when we make connections. You will be notified off this 48 hours in advance and it will only be for 3 hours.
- Access to residents will be maintained at all times
